PROFILE

I am a dedicated Full-stack Python Developer, committed to continuous learning and innovation. I excel in both front-end and back-end development, delivering robust, scalable solutions. My proactive approach ensures I stay current with industry trends and implement cutting-edge technologies and best practices.

EXPERIENCE

Full-Stack Python Development

Ace Web Academy - Apprenticeship

June 2024 - Present

Currently apprenticing in Full-Stack Python Development, actively building various projects. Gaining in-depth knowledge and comprehensive understanding of front-end and back-end technologies.

Web Development

1Stop.ai - Internship

October 2023 – December 2023

Led web development projects, delivering high-quality, user-centric solutions on time. Skilled in innovative technologies and problem-solving. Strong team collaboration and continuous learning mindset.

Web Development

Bharat Intern – Virtual Internship

November 2023 – December 2023

Developed a Netflix clone, to-do list app, and weather API using HTML, CSS, and JavaScript. Focused on dynamic content, state management, and responsive design. Delivered high-quality results on time.
